SUMMARY

I am a full-stack web developer with expertise in front-end and back-end technologies, specializing in MERN stack and Django framework, experienced working collaboratively in team environments.

Education

R.M.D. Sinhgad Technical Institute Campus, Pune

B.E. Computer Engineering | 2022 – Present (Expected graduation 2025)

Technical Skills

- **Front-End** - JavaScript, Typescript, React.js, Angular js
- **Back-End** - Node.js, Express.js, Django, Flask
- **Database** - MongoDB, MySQL
- **Programming Languages** - C++, Java, Python

EXPERIENCE

MERN Stack Web Developer Intern (WL) – Infosys Springboard | Apr 2024 – June 2024

- Worked under a mentor using the MERN stack.
- Contributed to front-end development using React.js.
- Managed MongoDB databases and implemented back-end solutions.
- Gained experience in full stack web development, Git version control, and agile methodologies.

Python Django Web Development Intern (WL) – Elite Software | Dec 2023 – Feb 2024

- Used HTML, CSS, Django, Python, and Bootstrap to create responsive websites.
- Developed front-end interfaces under mentorship.
- Implemented back-end functionalities in collaboration with team members.
- Gained valuable experience in delivering high-quality web solutions

Projects

[\[Link\]](#) **Virtual Stock Market Trading Website** – Front End and Back End Development

Tech Stack - MERN Stack (MongoDB, Express.js, React.js, Node.js)

The Virtual Stock Market Game is an innovative web application simulating a real trading platform similar to Zerodha. It allows users to experience stock trading in a risk-free environment. This project leverages the MERN stack to provide a robust and interactive user experience.

[\[Link\]](#) **Seeker – Learning Platform** – Front End and Back End Development

Tech Stack – Angular, Tailwind CSS & Tailblock, Becon Protocol

The Knowledge Seeker app, powered by Becon, enables users to discover and access learning content on the network. It is highly customizable for various types of seekers such as farmers, e-commerce users, students, and more, providing relevant content tailored to their needs.
